

SEEN, HEARD AND TOLD BY THE EDITOR

We cannot but speak the things which we have seen and heard.—Acts 4:18.

Hot Springs, March 22, 1954

Mabel had been talking about coming over here. I hated to be at home alone, so I just decided to come along with her. Fortunately, Dorothy could get away from her new baby enough to look after the out-of-shop business in the front end and, after all, with business like it is, it don't take much time to look after business.

Then, too, the baths MAY help my arthritis. In the past I never felt any effects, good or bad, from baths here. I have been toting the buckeye for several months, but it seems to have little effect. Certainly the baths never did hurt me and it gets awful lonesome staying alone in a big old house.

We came by Greenville, Lake Village, and Pine Bluff. I don't have anything to do with the driving, but keep up with my 'log' and can report that it is 266 miles from the front of our house in Grenada to the front door of the Majestic Hotel, where we are staying. In Hot Springs, we broke our trip for a few minutes when we ate in a nice cafeteria in Pine Bluff. We did not stop much, and we were here about 6 hours after we pulled out of Grenada.

As the famous races are going on here, the place is pretty crowded, so we consider ourselves fortunate that we were able to get a first-floor room at the Majestic. The scent of the winners who had just vacated the room was still in the air.

However, wimmin scent don't affect me like it used to. Arthritis and old age make a fellow lose his scent for wimmin.

Right out my window I can look out and see Central Avenue, the main stem of the place. It seems to run right down the canyon which is the main street of the town.

The Arlington, where big dogs like Dettel, stay is just down the street, but the Majestic is a fine place to stay and little less expensive than the Arlington. Both have bath facilities within their own walls. For example, the bath house is just down the hall from where I now am. The advantage of that, of course, is that you can put on your pajamas (if you have any) in your room, go to bath house and return to your room for dressing in more formal garb.

I noted the headlines in the local paper this morning and there is a lotta talk about recession and depression and it looks sorter foolish for po' folks like us to be here where, to say the least, it is expensive to get along. I KNOW, however, that these baths help Mabel and Mabel is the main worker at our shop. I more or less 'sk' and think.

The route we came is several miles shorter than by Memphis and Little Rock. Traffic is not so heavy as on the two arterial highways - 51 and 70 - we would use on the Memphis route. Then it so happens that we usually get to Pine Bluff, where there is a nice cafeteria, about noon.

Between Grenada and Pine Bluff there is fine farming country. Between Pine Bluff and Hot Springs, the highway is good and smooth. It is awful sorry pine, hilly country.

If one wants to see a real industrial small place, one should stop in Malvern only 22 miles east of here. There seems to be one industrial plant after another in this town, no larger than Grenada.

Right across the street I see the Rockafeller Hotel and bath house. Whitfield King of Grenada was supposed to have owned it during his lifetime.

It so happens that we have room 104, a room that is better than we have usually had here. It costs a little more than some rooms but is worth the difference. It is on the same floor as the bath house and only a very short distance away.

The routine of bathing has never changed. You do, as I just did, go by the bath office, turn in your valuables, if you have any, have them put in a locked box, get a key to the box, which you keep on a string around your wrist all the way thru the bathing process, return and, when you get out, get your stuff and walk out. Then you go into the dressing room. (Con't on page 5)

Youngblood and Rev. Gwin H. Middleton officiating. Burial was in Gore Springs Cemetery with Garner Funeral Home in charge.

The choir sang 'Where We'll Never Grow Old' and 'In The Garden'. Born in the Pleasant Grove community, Grenada County, November 17, 1897, the only child of the late Dr. and Mrs. Byrd C. James, the deceased, at the age of two moved with his parents to Gore Springs where he lived the remainder of his life—with the exception of one year in Cleveland, Miss.

In April 1919, he was married to Miss Mary Addy Ross of Cleveland.

Mr. James was stricken ill suddenly in his home February 8th and was a hospital patient for 21 days. On March 20th he was stricken the second time and never regained consciousness. His family remained at his bedside day and night.

The deceased was 57 years of age, a member of the Methodist Church and a prominent planter. At the final graveside service, 'Let The Heavenly Light Shine on You' was sung by a group of Negroes, two of which were tenants on the James' farm.

Mr. James is survived by his widow; two sons, Capt. Byrd L. James, Schweinfurt, Germany, Bolly Ross James, Gore Springs; and four grand children.

Pallbearers were Supt. O. D. Spratlin, Louie Angevine, Calvin Clanton, Doc Worsham, Henry James, Sr., Charles Grady Ligon.

Among those attending the funeral were: M. H. James, H. C. James, Mrs. Margaret James, Greenville; Mr. and Mrs. W. H. Gillon, Mrs. Alma Hargrove, Mr. and Mrs. Fred James, Greenwood; Mrs. Nellie Lucas, Mr. and Mrs. A. B. McHenry; Mr. and Mrs. Mack Herrington, Mr. and Mrs. Roy Ross, Mrs. Arthur Rast, Memphis; Mr. and Mrs. S. B. Reeves, Sardis; W. L. Martin and daughter, Pascagoula; Mrs. Carrie Herrington, Los Angeles, Calif.; Mr. and Mrs. Clark Simpson, Indianola; Mr. and Mrs. Lester Brown, Cleveland; Mr. and Mrs. Manley Ross, Clarksdale; Mr. and Mrs. George Evans, Mr. and Mrs. Fred Evans and son, Boyle; Mr. and Mrs. Everett Moore, Duck Hill; a host of friends and relatives from this and joining communities were present.

Sportsman's Column

(By C. C. Hamby, Sr.)

Come on down to the Glory Hole and sit on the Fisherman's Bench and listen to the true tales told of limit catches of those average 2 lb. crappie. Of course, using Hamby Gold Fish and Red Pins for bait, and knowing where to fish and how to fish is around 99 percent of catching these limits. The so-called slab crappie are also moving out in shallow water and are being caught from the bank around Tubby Toby Creek and east side of Clear Creek. The hottest spot is still around Hurricane Creek, and if you don't get there early you had better carry a boat. Saturday there were around 119 cars parked around the boat landing and the rental boats number around 50 some carry their boats and those that can't get a boat walk around banks, they also catch a few fish.

Enid Reservoir is also good for Bream and the small bass. Limit catches of these are being taken. The Enid bass are showing signs of striking artificial bait.

Either take a Hamby or go along and trail one of us and we will be glad to show you where to catch those crappie and what to use for bait and how deep to fish. Either come by the Glory Hole or Phone 700. If you can't go fishing and are fish hungry, we will give you a good mess of those large crappie.

Attending a joint meeting of Districts 200 and 204 of Rotary International in Memphis early this week were Rev. W. Taylor Clarke, Maurice Moore and R. Semmes, Jr.

Marker To Be Dedicated At Walthall Home

A historical marker, honoring Edward Cary Walthall, Confederate Army general and U. S. Senator, will be dedicated in a ceremony at 3:30 p. m. Sunday, April 4 at his former home, 73 College Blvd. in Grenada, the present home of Mr. R. B. Townes, Sr.

Dr. W. D. McCain, director of the Miss. Dept. of Archives and History, will talk on the life of Gen. Walthall and present the marker to Dr. R. A. Clanton, Grenada's mayor.

At this time, a prize will be given to the county student who has written the best biography of Gen. Walthall in a contest sponsored by the Grenada Daughters of the American Revolution Chapter, the Chamber of Commerce and the Miss. Historical Society.

Gen. Walthall lived in Grenada from 1879 to 1898 where he practiced law prior to being elected to the U. S. Senate. He moved here from Coffeeville.

Mrs. H. A. Alexander and Mrs. T. B. Revell, DAR leaders, and Rep. W. F. Winter of the State Historical Commission, arranged the program.

PAT S' C, BRILLIANT PIAN RE APRIL 2

In Join With
Dramat

Music lovers of Grenada will have an unusual treat in store next Friday, April 2 when the 19 year old Patricia Sage, pianist daughter of Mrs. John Sage of Grenada and the late John Sage of Bruce, plays in joint recital with Jan Rodriguez, dramatic soprano of Chicago, at 8 p. m. in the elementary school auditorium. Accompanist will be A. G. Bowen of the University of Miss.

Granddaughter of Mr. and Mrs. J. E. Luffkin of Grenada and former pupil of Mr. Bowen of the University's Dept. of Extension Music, Pat won a scholarship last fall at the American Conservatory of Music in Chicago where she is now under the tutelage of Aletta Tenold and Stella Roberts.

While Pat was in school at the University, besides being a brilliant and sensitive pianist, she was a popular student leader during her freshman and sophomore years. She was a member of Omega Psi Chi, Alpha Phi, Gamma social society, the University Singers and the Glee Society. Twice she was a finalist in contests sponsored by the Memphis and Mid-South Piano Scholarship Association.

Music circles in Chicago quickly noticed Pat's unusual achievement. She had been invited to appear in recital at Kimball Hall on March 20 to raise funds for the Sigma Alpha Iota scholarship, a distinction never before won by an undergraduate student.

Miss Rodriguez, a twenty-one year old soprano, has sung with the Rockford (Illinois) Symphony and is a winner in contests sponsored by the Crescendo Music Club, the Illinois Women's Division of the National Federation of Music Clubs, the Chicago Musical Arts, and the Chicago Land Music Festival. She is soloist at the First Church of Christ Scientist, Highland Park, Illinois. Her next appearance in Chicago will be a recital in April at the Three Arts Club.

For their joint recital Friday evening, both young artists have chosen works from the classical, romantic, and modern periods.

WAYNE CARSON, 12, WINS COUNTY SPELLING BEE

Will Participate In Mid-South Event In Memphis

Wayne Carson, 12 year old son of Mr. and Mrs. Earl F. Carson and an 8th grade student at Grenada Elementary School, won the Grenada County Spelling Bee Monday afternoon by spelling correctly the word 'develop'.

Spelling correctly 'develop' proved impossible to Dorothy Hayden, one of Holcomb School's representatives and the county's second best speller. Wayne clinched the bee by spelling correctly 'abbreviation'.

Others in the contest were: Sandra Matthews of Grenada, Patsy Staten of Holcomb, Bonny Abel and Harold Ray Bowen of Gore Springs. Judges were Miss Elizabeth Jones of Grenada and Mrs. Laura Lee Harper of Holcomb.

As county winner, Wayne will be given a \$25 U. S. Savings Bond by the Memphis Press-Scimitar, sponsor of the Mid-South Spelling Bee, which will be held at 7:30 p. m. Friday, April 23 at Tech High School, Memphis.

While in Memphis, Wayne will be guest of the Press-Scimitar staff workers who have planned a tour of the city and other entertainment for the scholars.

Wayne is an outstanding student, having been on the honor roll each period since the sixth grade. He was so bright that he skipped the second grade.

In addition to being very studious, he also likes football and is going out for the Pee-wee team this year. The Carsons have two other boys, Larry, 11, and Freddie, 9.

New Commandment

Lesson for March 21, 1954

A MAN who could keep all the Ten Commandments without ever breaking a single one would be a good man, better than most. But from the Christian standpoint that kind of goodness is not enough. A man can keep all the rules of the game and be a poor player. He can observe all the laws of his state and not be a desirable citizen. Something more positive, is needed, valuable though the Ten Commandments are. At the Last Supper Jesus gave his friends there, and through them he gave all his friends since, an eleventh commandment which Christians understand to be more important than all the others. In fact, we have New Testament authority for believing not only that if a man kept all the others and broke the Eleventh, he would be a moral zero; but also that if he really keeps the Eleventh, it will lead to his keeping all the rest. It is what Christ called the "New Commandment"—of Love.

Dr. Foreman

What's New About Love? Was Jesus exaggerating when he spoke of love as a "new" commandment? Had love never been heard of before? Is it not found in those two ancient Laws Christ himself had quoted from Deut. 6:5 and Leviticus 19:18—Love God, and Love your neighbor? Well, love itself was not then new in the world. But love to the degree that Jesus meant, was indeed new. The careful reader will notice that Jesus does not stop with "Love one another." He goes on to add, "—as I have loved you." Granted that even sacrificial love had been seen in the world before, the fact is that for these disciples in the Upper Room, and for most of us if the truth be known, the kind of self-sacrificing love which Christ had and was in is in truth something new. We are all willing to love those that love us. We will love those who understand and appreciate us. We are willing enough to love if we feel we are getting some return, so to speak, on our investment. But which of us in Jesus' place would have loved others as he did? Those disciples were not at first what you would call lovable people. Sinners are not lovable as a rule, and Jesus came to help sinners. The thing that always bothered the Pharisees was that Jesus evidently loved people who did not deserve to be loved. No Pharisee ever understood this. It was something new in their world.

Love Is Not a Blueprint Christians sometimes become too enthusiastic about this New Commandment. They speak of it as if it did away with the Ten Commandments, or as if it got rid of any need for thinking. If your intentions are good, that's good enough, they say. So they go through life with what they vaguely suppose are good intentions but actually doing a lot of harm. Jesus never meant this New Commandment as a sort of magic charm that would solve all our problems, get rid of all our difficulties, conquer all our temptations. Love is not a blueprint, either. You cannot take "love and love alone" and govern a city or found a college or run a business or a farm, just on pure love. It is something like the law of gravitation. You can't build so much as a pigsty without paying good attention to the law of gravitation. But that law does not tell you how to build the sty, nor a house, nor a skyscraper, though all of them are held together with gravitation's mighty power. So with all human institutions, the church, the state, the school, and so on: without the spirit of self-sacrifice (the New Commandment) they will not stand; yet self-sacrifice is no blueprint by itself. There is no substitute for hard thinking and planning.

Love Is Concern If self-sacrifice sounds too lofty, let us come down the scale a little. New-Commandment love, to say the least of it, means concern for others. We all know what it is to be concerned about ourselves. We take good care of ourselves, we look for our interests, we worry for fear we may be left by the wayside somehow. We like to see that we ourselves get the most out of anything. All persons except complete fools are concerned naturally about themselves. Now, the New Commandment simply says to turn this concern in the other direction. Be as interested in the other person's welfare as you are in your own.

SOIL CONSERVATION

(By Rex R. Blue, SCS)

Grenada County housewives have been busy sweeping dust from New Mexico and other western states from their homes during the last two weeks. The recent heavy dust storms are grim reminders of what can happen to soil left without cover.

New cooperators of the Grenada County Soil Conservation District are A. B. McCormick, Sheriff S. L. Davis, Curtis James, C. D. and W. C. Martindale, and Rev. J. L. Corley. These farmers will receive assistance from the District in carrying out soil and water conservation practices on their farms.

J. B. Keeton and L. J. Barksdale planted nursery patches of coastal Bermuda on their farms last week. Chancery Clerk, Byron Hunter, is under planting a partial stand of undesirable hardwoods with loblolly pine. The hardwoods will be removed to allow the pines to take over.

Mr. J. W. Willis has constructed

several hundred feet of W-type drainage ditches. The ditches were constructed with regular farm equipment. Soil Conservation Service employees assisted in staking out the ditches.

Mr. Curtis James constructed approximately 2300 feet of diversion ditches on his farm in the Pleasant Grove section.

The District Commissioners and agricultural workers are making plans to participate in Conservation Land Use Emphasis Week - April 4-11.

MISSISSIPPIAN WINS KEY TELEPHONE COMPANY POST

JACKSON—John C. Underwood, a native of Tate County has just been appointed to one of the top managerial posts with the Southern Bell Telephone and Telegraph Company in Mississippi, his title being Mississippi Plant Superintendent.

Announcement of Mr. Underwood's new position was made by H. G. Turner, the company General Manager for Mississippi, who states that Mr. Underwood's promotion is one of many earned since he began his career with Southern Bell, approximately 30 years ago.

"Mr. Underwood is well-known in Mississippi," Mr. Turner stated, "as he served the company in this state for about 15 years, coming here after approximately a year's general training in Atlanta. He joined Southern Bell forces there in 1924 following his graduation from Mississippi State College in Starkville."

"He began work over here," Mr. Turner continued, "as Transmission Engineer and had worked his way up to Division Construction Supervisor by 1941 when he secured a leave of absence to enter the armed services where he served with great distinction."

Mr. Underwood was commissioned a captain in the Anti-Aircraft Section of the U. S. Coast Artillery Reserve and served in the Philippines, Okinawa and Korea.

He was awarded the Legion of Merit, Bronze Star with Cluster, the Purple Heart and Commendation Ribbon; and won a cluster for his Legion of Merit badge for his service in Korea in 1945-46 as Director of Mining and Industry South of the 38th parallel.

Later, he served as a member of the first Soviet-American Commission to meet under paragraph 104 of the Potsdam Agreement.

Pony Costlow and Charlie Cohen represented Beat 3 in Grenada sady. Both are spry old dudes.

He was commissioned a full Colonel while serving on Okinawa. He returned to the telephone company and the Atlanta General Office in 1946 and was placed in charge of cable maintenance for all Southern Bell territory.

In 1947, he was upped to Division Construction Supervisor in New Orleans, La., and in 1949 was made District Plant Manager at Monroe, La. from which point he was transferred to Baton Rouge in the same capacity. That was in 1952 and he remained there until his latest promotion.

Mr. Underwood is married, his wife being the former Mary Lou Slay of Kerens, Texas. The couple have three children: Mary Jane, 19, Catherine, 18 and John, Jr., 6. The Underwoods are Baptists. Following the close of school in Baton Rouge, the family will move to Jackson.

Mrs. W. W. Whitaker, Society
Editor, Phone 83 and 747

Lt. Bobby Burkley will arrive in New York on a troop transport April 1 and from there go to Ft. Knox, Ky. where he will be separated from service. He has been in Korea the past nine months. His wife and mother will meet him in Memphis and accompany him home to Grenada.

Mrs. Talbert Yeager and daughter, Margaret Ann, moved to Memphis Sunday where Miss Yeager has obtained a position as secretary to Dr. Moore Moore, Jr. They are residing in an apartment in the home of Dr. Moore Moore, Sr. on Union Avenue. Miss Yeager recently completed training in secretarial work at Miss. Southern College. Their many friends will miss them very much in Grenada.

Mrs. Carl Tullos and daughter, Carline of Memphis, former residents of Grenada, were weekend guests in the home of Mr. and Mrs. J. E. Bailey.

Mr. and Mrs. Fred Griffin and Freddie spent the past weekend at Biloxi.

Her many Grenada friends will be glad to learn that Mrs. Clyde Horn, nee Miss Jean Geeslin, has recovered nicely from a case of diphtheria. They reside in Oklahoma City.

Mr. Jimmy Cuff and sisters, Misses Kate, Willie and Margaret returned Sunday from a week's vacation spent in visiting some of the South's most beautiful spots. On their 1,000 miles trip, the family took in the Natchez Pilgrimage at Natchez, Bellamy's Gardens and Mobile's Azalea Trail in Alabama.

Mr. and Mrs. Conrad Welker, Jr. and little daughter, Susan, of Natchez spent the weekend with his parents, Mr. and Mrs. Welker, Sr.

Mrs. John Sage will leave Sunday for Chicago where she will attend a piano concert March 30 given in Kimball Hall by her daughter, Miss Patricia Sage. She will return Thursday.

Mrs. Chalmers Richardson and infant daughter, Teresa Ruth, of Manchester, N. H. will arrive here Friday for a visit with her parents, Mr. and Mrs. C. W. Briscoe and also with Mr. and Mrs. C. C. Richardson, the baby's paternal grandparents.

Mrs. H. W. Gibson and son, Tommy, of Oak Ridge, Tenn. are visiting their aunt, Mrs. Ida Lee Laury, and cousins, Mr. and Mrs. Sidney Russell.

Mrs. William F. Winter and daughter, Andy, are spending this week in Jackson with Rep. Winter while the Legislature is in session.

Mrs. Hubert Flurry and Mrs. Afton Smith of Water Valley spent Saturday with their sister, Mrs. W. A. Winter.

MRS. SUTPHIN HONORED
Mrs. Felix A. Sutphin of Grenada, president of the North Miss. Methodist Conference's WSCS, was among the church leaders of the state who were honored today with a coffee hour at the Governor's Mansion in Jackson. She and the other ladies are attending sessions of the Miss. Council of Church Women today and Friday.

Mrs. Lizzie Majet Phillips has re-

turned home after a week's illness spent with her sister, Mrs. Claud Hall.

Mrs. Jack Martin and children Jim, Bill and Martha spent Thursday through Sunday in Wisner, La. with Mrs. Martin's mother, Mrs. Fanny Gilbert. While there, they made a side trip to the Natchez Pilgrimage.

Miss Alma Maxine Dubard visited her cousin Miss Patricia Selby in Memphis, during the school holidays enjoyed last week.

'Howdy Cowboy' Opera To Be Given Friday

Gore Springs Elementary pupils of Mesdames Tom King, G. T. Shaw, and Pap Hamby, will present an operetta entitled 'Howdy Cowboy' in the Grenada Elementary School Auditorium at 1:30 p. m. Friday, March 26 before pupils of the first three grades of the Grenada Elementary School. The plot of the operetta is concerned with a conceited Easterner who comes to Circle Heart Ranch and is captivated by western hospitality. A small admission charge will be made with proceeds going to the Cancer Drive.

ing, or UNdressing room, give your ticket to a porter, and, pretty soon your bather, usually named Archie, Willie or something like that, conducts you to the tub of hot water. There he lets you soak about 15 minutes, in the meantime giving you cup after cup of very hot water. If you need it, which I did, he takes a bath mat and real soap and gives you a bath the like of which you ain't had since your mama bathed you. After soaking about 15 minutes, you go to a cot where you are bundled up with sheets and encouraged to sweat about fifteen minutes, in the meantime getting hot pads on wherever you have pains. Following that, you are led to a shower, where you get your body temperature down a little; then to the cooling room where your body temperature is further reduced so that you can 'take' regular temperature outside without too much danger of taking cold. That, then, is the routine which you follow every day whether you take one bath or forty, as many do.

Tuesday, March 23, 1934

Just read a copy of the Commercial Appeal and found out that a New Orleans federal court, it may have been the Court of Appeals, said that Mary Cain must pay her social security taxes as a self-employed person. I thought all along that Mary while sweet and pretty, was foolish to fight the U. S. Government.

Mabel and I sorter eat around over here, sometimes at one place, sometimes at another. Yesterday I ate my breakfast, which always consists of two eggs and two pieces of toast, at a joint across the street and it cost about 50 cents. This morning, I ate in the dining room of this hotel, got a pot of coffee with my breakfast, like I do at the Barwin at home, got the same items and, but for the ten cent tip, got the same breakfast for the same price. At the moment, I have had my bath and Mabel has had her bath and mas-

sage and we are about ready to eat lunch. Instead of eating at some joint or cafeteria 'way off somewhere, I guess we will go to the main dining room.

The papers say the place is wide-open. I just don't know. I used to come over here and it used to cost me a lot of money trying to beat the dice games, but I must have learned some sense. I have not shot even one 'po' dice and have not bet on a single race. I guess I have finally found out that a fellow is a sucker trying to beat the other fellow's games.

I don't know about others but these baths make me feel lazy and no 'count and, mostly, I spend my time in my room, laying around. Somebody said not to stand up when you can sit down, or sit down when you can lie down. Mostly that's the course I follow though old Joe Neely in Grenada still does just the opposite.

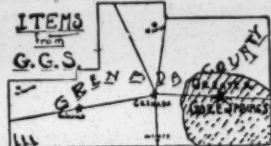

We put our car in the hotel garage Sunday afternoon, and it has not been out since. What few places we have gone, we walked or rode a street car.

It is a sort of community 'fashion here now', but we have not seen much evidence of big crowds. Apparently nothing much is crowded, except, possibly the crap games, and I have been in none of those.

We consider Franks Cafeteria, in the Pullman Hotel Building, just about the best cafeteria here and we have eaten there twice. Stuff to eat is even higher here than in Grenada, where we eat 'out' a good deal.

I remember one time, when Louis Friedman was sort of guide, he carried Tommy Darras, Harry Gordon, Merch Isenberg and me to stay at the Pullman Hotel and they have been kidding Louie ever since. I think by now he has got a hold of enough money to stay at the Majestic.

There is a damnsite more being rebuilt and reconstructed uptown in Grenada than uptown in Hot Springs. Grenada has two of its two banks being rebuilt, Corner Drug Store and Lickfold's being reconstructed, the law offices of Winter and Semmes about to go up from the ground, and a lot of building and rebuilding in residential areas going on, and that phase includes the rebuilding of the Jones old home on South Street being done by Moss Brothers for Mr. Brister.

Master Tommy Cooley of Greenwood spent last week in the home of

his grandparents Mr. and Mrs. Roy Chamberlain while his mother Mrs. Walter Cooley was a patient in a Greenwood hospital.

Mr. Virgil Moore of Memphis underwent surgery recently in Baptist Hospital and Mrs. Maude Brethrick is a patient in a West Memphis hospital. Mr. Moore is a brother in law of Mrs. D. M. Trussell and Mrs. Brethrick is Mrs. Trussell's sister. Mr. and Mrs. William Brannon and daughter Elizabeth Ann of Jackson were weekend guests of Mr. and Mrs. H. T. Brannon.

Mrs. Floyd Pinkerton and sons of Winona were Thursday guests in the C. L. Trussell home. In the afternoon they were accompanied by Mrs. Trussell to Coffeeville where they visited Mrs. Blanche McCormick and Miss Jetty Trussell.

Mrs. Charles Trussell, Jr. and children were dinner guests on Sunday in the home of Mr. and Mrs. M. H. Clinton in Webster Co. when their little niece Marie Middleton of West Point was the honoree on her birthday.

Mary Katherine, Clyde and James Wade Spraberry were guests of Mrs. Minnie Spraberry in Calhoun City during the school holidays last week.

Mrs. C. L. Trussell spent the week end with Mr. and Mrs. J. E. McCormick in Grenada. Mrs. Trussell and Mrs. McCormick were accompanied on Saturday afternoon by Mrs. Griffith Shaw and Eleanor Holland to Greenwood on a shopping tour.

Dorothy Jean - a daughter born to Mr. and Mrs. C. J. Haley March 18 in Grenada Hospital.

Christine Haley spent from Thursday till Sunday in Grenada with her twin sister Ernestine Haley.

Rev. and Mrs. Gwin H. Middleton and family spent several days last week in Kosciusko with their mother and grandmother, Mrs. C. M. McCool who was ill.

Mr. and Mrs. Thomas Gillon and daughter moved into their new home March 16 on new Highway 2, five miles east of Grenada.

Under construction is another new home in the community owned by Mr. and Mrs. E. L. Trusty Sr. Connected with the home is a store now in operation. This home is situated on the highway just north of the Maggie Chamberlain home.

Mr. and Mrs. Fred Sulton and family were weekend guests of Mr. and Mrs. Edward House in Memphis.

M. H. (Buck) Rook is a patient in Grenada Hospital and will likely undergo surgery on Friday of this week.

Capt. and Mrs. Jack White and daughter of U. S. Army have been visiting in the J. T. and Telford Worsham home. Capt. White has resumed military duties and his family expects to join him later.

Gore Springs school dismissed Wednesday last week for spring holidays instead of Thursday as previously announced.

Mr. and Mrs. E. L. Trusty, Jr. and son arrived recently from Mobile to visit Mr. and Mrs. E. L. Trusty, Sr. and other relatives. Both couples visited Mr. and Mrs. Robert Earl Trusty and daughter in St. Louis, Mo. during the past week.

Lavette Shower Given For Mrs. Lucille Stewart

A lavette shower honoring Mrs. Lucille Stewart of Grenada was given in the home of Mrs. Don Dixon Thursday night. Hostesses were Mrs. A. B. Fowler, Mrs. Frank Rowcha and Mrs. Dixon.

During the social hour the guests were led in two contests with Mrs. Robert Carpenter receiving prizes which she graciously presented to the honoree. Many gifts tied in a chest and poured with an overflow of love.

Gifts were presented Mrs. Stewart.

A delicious baked cake with ice cream and served the high guests.

THAT LEFTOVER PRESCRIPTION

Medical scientists long ago gave up the search for a cure-all. Each sickness requires special treatment to fit the particular case. The medicine that helped Janie may be of no value to Bobby. In fact, it might cause serious trouble if used unadvisedly. Never save a leftover prescription for future use. Let your doctor prescribe fresh, specific medicine for each illness. Only then are you safe and sure of proper treatment.

What's the Difference Between these Poles?

These telephone poles look alike. They're the same kind of wood. They do the same job. But there's a big difference you can't see. It's what inflation has done to the price of the poles.

The pole on the left, purchased last month, cost approximately 2 1/2 times as much as the one on the right which was bought in 1930.

That's just one example of what rising costs have done to the telephone business. The price of telephone service has not risen in proportion to its cost nor in proportion to the price of most of the things you buy.

Southern Bell wants telephone service to be as good and as low priced as possible. At the same time we think you ought to know what inflation is doing to us. We believe you'll agree good business requires a fair profit.

The More Telephones, the More Each One's Worth

The 115,786 telephones we had in Mississippi on January 1, 1946, had grown to approximately 258,000 by the end of last year... making everyone's telephone much more valuable. And we're continuing to do our best to supply everyone's telephone needs as quickly as possible.

THE POWER YOU NEED at lower cost!

Here's how the bigger, heavier Ford Tractor gives you the power you need at lowest over-all cost:

● **COSTS LESS TO BUY!** Today's Ford Tractor delivers the power you need at lower cost, made possible by Ford's long experience and manufacturing resources. It brings you advanced features that set a new high in tractor performance and usefulness.

● **COSTS LESS TO OPERATE!** Ford's big bore, low friction engine gives you the power you need with remarkable economy in fuel, oil and upkeep. So, along with lower first cost, you get lower operating cost.

● **A BETTER LONG TERM INVESTMENT!** Ford parts and service availability and higher trade-in value make your Ford Tractor a better long term investment in tractor power.

Ask us for Proof. Come in and let us show you how the power you need costs less in a Ford Tractor. And while you're here, see the wide line of Dearborn Equipment that's designed to work most efficiently with low cost Ford Tractor power!

NOTICE OF BOND SALE

\$165,000

Special Street Improvement Bonds
City of Grenada, Mississippi

Sealed proposals will be received by the Board of Mayor and Councilmen of the City of Grenada, Mississippi, at the City Hall in said City, until the hour of 2:30 o'clock P. M. on Monday, the 25th day of March, 1964, at which time said bids will be publicly opened for the purchase, at not less than par and accrued interest, of the above bonds of said City.

The said bonds are to bear date of April 1, 1964, are to be of the denomination of \$1,000 each, and shall bear

interest at a rate or rates to be determined pursuant to sale of said bonds, payable October 1, 1964, and semi-annually thereafter on April 1 and October 1 in each year. Both principal of and interest on said bonds will be payable at a place to be designated by the purchaser, subject to the approval of the Board of Mayor and Councilmen, and the said bonds will mature serially, without option of prior payment, on April 1 in each of the years as follows:

\$16,000 in each of the years
1965 through 1969
\$17,000 in each of the years
1970 through 1964

Bidders are requested to designate in their bids the price they will pay for bonds bearing interest at a rate or rates likewise to be designated in their bids.

It is the intention of the Board of Mayor and Councilmen to decide which of the bids submitted is the highest, on the basis of the total interest cost over the life of the issue, less the premium specified in the bid.

Proposals should be addressed to the Board of Mayor and Councilmen and should plainly be marked "Proposal for Bonds", and should be filed with the Recorder on or prior to the date and hour hereinabove named. Each bid must be accompanied by a cashier's check, certified check, or exchange, issued or certified by a bank located in the State of Mississippi, payable to the City of Grenada, Mississippi, in the amount of Three Thousand, Three Hundred Dollars (\$3,300), as a guarantee that the bidder will carry out his contract and purchase the bonds if his bid be

accepted. If the successful bidder fails to purchase the bonds pursuant to his bid and contract, the amount of such good faith check shall be retained by the Board of Mayor and Councilmen and covered into the general funds of the City of Grenada as liquidated damages for such failure.

The Board of Mayor and Councilmen reserve the right to reject any or all bids submitted.

These bonds are offered subject to the unqualified approval of the legality thereof by the law firm of Charles and Trauernicht of St. Louis,

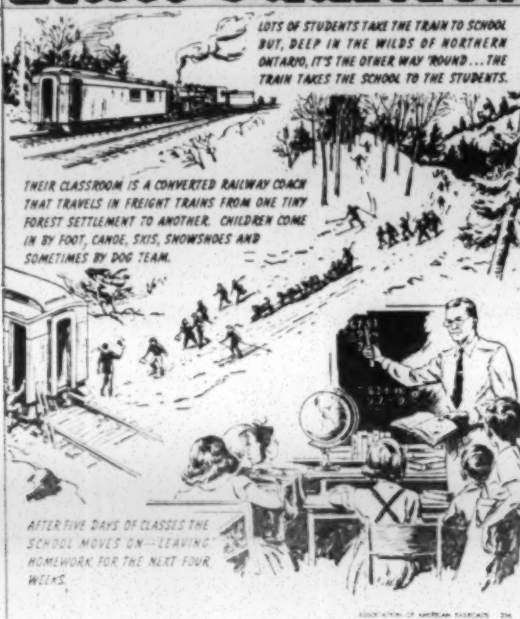

Missouri. The City will pay all legal fees and will pay for the printing of the bonds and the validation of the bonds. Delivery will be made to the purchaser within sixty days after the date of the sale of said bonds, at a place to be designated by the purchaser and without cost to the purchaser.

By order of the Board of Mayor and Councilmen of the City of Grenada, Mississippi, this 15 day of March, 1964.

Clara Criss, Recorder.

Bert Taylor Learns a Way to Help His Boy Through College

BERT TAYLOR and the Illinois Central both will benefit from Bert's plan to help his boy through college. Bert will make extra money, and the railroad will get valuable freight business.

Bert's college plan was born at a demonstration of tree planting put on by Illinois Central forestry agents. When Bert saw the tree planter rolling along, leaving a row of pine seedlings in its wake, he thought of his north 40. Today that 40 acres supports a fine stand of young pine that one day will help to pay for his son's education.

Tree planting is only one of the things the Illinois Central does for agriculture in the area it serves. Illinois Central bulls help farmers breed better dairy herds; soil-testing laboratories help point the way to increased soil fertility and crop production; pasture renovators improve worn acreage; and many other important farm-helps are provided each year throughout Mid-America.

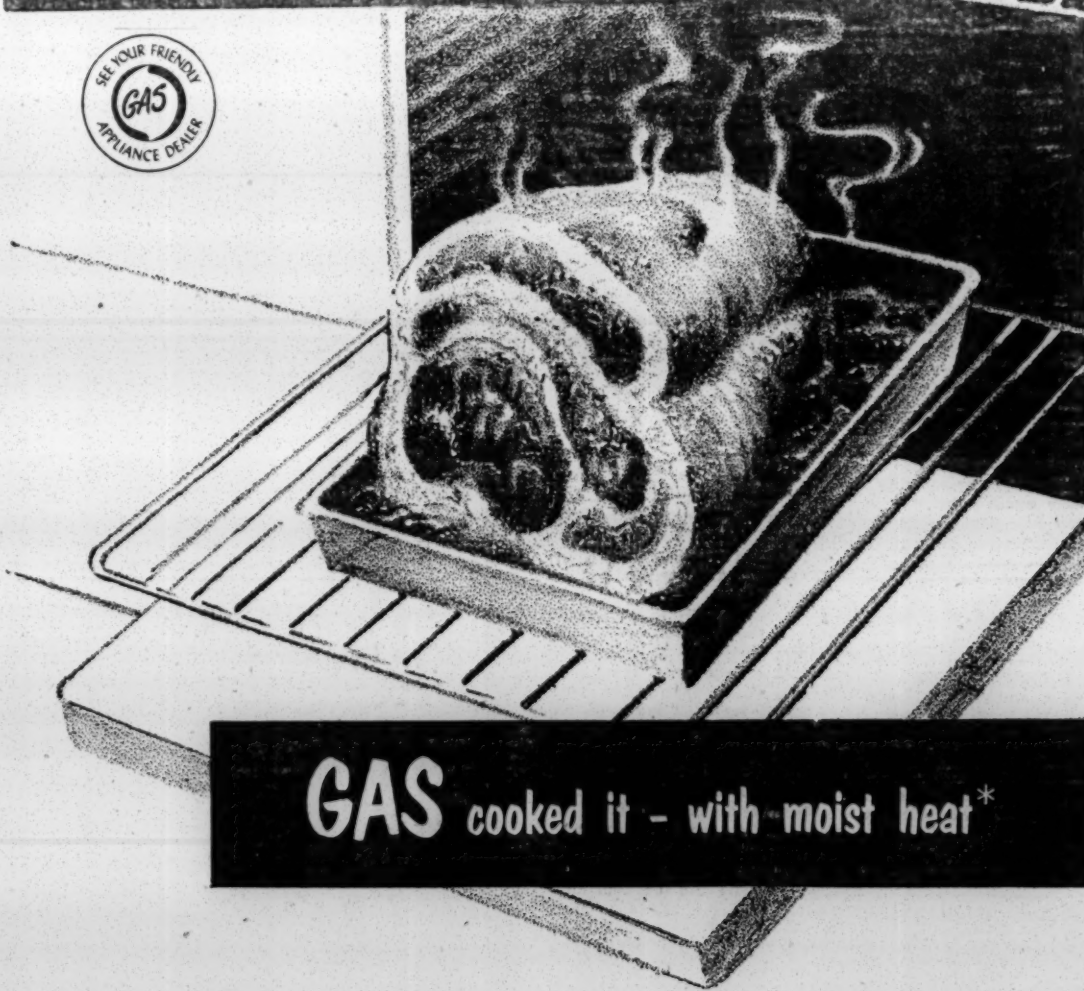

Helping farmers to help themselves is a century-old Illinois Central tradition that has proved its worth to our railroad. We believe we should earn the patronage and friendship of all those we serve throughout Mid-America.

No basting, no watching, no waiting

GAS cooked it - with moist heat*

★ Moist heat is the secret of tender, juicy meat and light, fine breads you can bake in a gas oven.

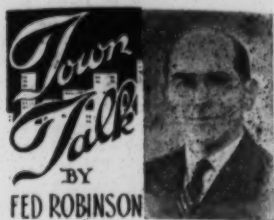

Only a gas oven keeps foods wrapped in moisture while they cook. So you don't have to baste or put a pan of water in the oven. The moist heat of a gas oven holds in the good juices and flavor—instead of drying them out.

For top-of-stove cooking, too, there is nothing faster than gas—with any degree of heat you want! You have no special cooking methods to learn, no special pans to buy. Gas helps you cook better naturally—you can see how you are cooking—and nothing beats gas for economy!

Town Talk
BY
FED ROBINSON

Little stories you hear around our nation's capitol . . . Washington, D. C.: The Washington Monument is 555 feet high . . . no other structure in the District of Columbia is as high or will ever be permitted to be.

'The Woman Stranger' is buried in Alexandria, Va. In the 18th Century some unknown seamen put ashore a very sick woman and left a bag of gold for her treatment and care. The woman was suffering from tropical disease which the doctor could not cure, notwithstanding the sack of gold, so she died and was buried in Alexandria. Then for 40 years a sack of gold was mysteriously left each year for the care of her grave and to this day no one knows the victims name or who sent the money for all those years.

They show you old Fort Washington standing there on the bank of the Potomac River. They tell you of the big guns pointing to the middle of the river in 1812; when one day Admiral Coxburn got an idea. He directed his boats loaded with British soldiers, to move in close to shore under the nose of the big guns and they passed right along and sacked the city while our immovable guns spouted their cannon balls into the river without touching a single English boat. And that should be a good lesson to people who have inflexible minds.

They show you many buildings, shrines, statues and monuments that have long lines of traditional history. But we were interested in the Archives Building in which the original Declaration of Independence is kept among other priceless and precious papers and they tell about a burglar alarm installation in that building which is so sensitive that if a single person should enter the building clandestinely, the temperature of his body or from his breath would set off the alarms immediately.

Your tour will bring you to Arlington cemetery by and by, and as you see those white crosses acre on acre you lose your festive spirit and feel very humble. The only ex-President buried there is William Howard Taft. But you look upon one spot where they buried several hundred soldiers of the Civil War in one tomb and

loket it and dropped the key in the Potomac River to make sure no one shall ever enter that hallowed place. About the center of Arlington Cemetery stands the great amphitheatre seating 5000 and "standing room for 4000 more, and services are observed there four times a year - Easter Sunday, Mother's Day, Memorial Day and Armistice Day. Near by, overlooking the Potomac and the City of Washington on the other side, is one of the most sacred spot of ground in the whole world so far as Americans are concerned. It is the tomb of the Unknown Soldier. He is some mother's son killed in World War I and this one tomb is a symbol of all American soldier's graves the world over. This hallowed place is under military guard day and night - forever and forever. This lone service man stands and walks in a military manner at all times as he paces 27 steps back and forth. He makes rather quick little steps to and fro, and at the end of his march he stands motionless for one moment, then turns around and stands motionless for another moment, then off he goes to the other end of the rubber mat 27 steps away where the identical procedure is taken. As this magnificent scene begins to impress you deeply, you read on the big white marble tomb these words: 'Here Rests In Honored Glory An Unknown American Soldier Known Only To God'. The guard is changed each hour on the hour in daytime, and every two hours at night, and the ceremony of the guard change is worth a trip to Washington to see. They say Arlington was started when Abraham Lincoln dug his heel in the ground there and said 'we will bury our dead here' and the government bought the ground - several hundred acres - for \$97.00.

If you ever decide to visit Washington, take plenty of money with you for the prices are so high there if you spend less than a dollar they ring the cashier with 'no sale' sign.

INDUSTRIAL DEVELOPMENT IN MISSISSIPPI
IS CREATING NEW JOB OPPORTUNITIES

in the field of retail selling

BOOKKEEPER. Maintaining accurate records is an important phase of any retail business and one of the many behind-the-scenes jobs created by an expanding retail trade is that of bookkeeper.

ARTIST. Creating advertising and store displays calls for artistic talent and many young Mississippians are finding new job opportunities in this field.

DELIVERY SERVICE. The truck driver, shipping clerk, storeroom attendant and many others are finding employment and security in Mississippi's growing retail establishments.

It is generally accepted that the average industrial payroll dollar turns over at least five times in the area in which it is spent. This means that every industrial payroll dollar creates five times its worth in retail trade activity along main street.

Mississippi's progress in industrial development has been paralleled by a corresponding increase in retail trade. In 1947 retail sales in Mississippi reached the one billion dollar mark for the first time and they are presently over 3½ times greater than ten years ago. Because of this phenomenal growth more of our young people are finding job opportunities in retail selling than ever before.

Helping improve Mississippi's economy through industrial development is the major objective of Mississippi Power & Light Company's fully-staffed Agricultural and Industrial Development Department, which works in close cooperation with state and local groups and citizens in helping secure new industrial enterprises for Mississippi's progressive communities.

New, roomier bodies! New, rugged construction!

New Chevrolet Trucks...

do more work per day... more work per dollar!

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic trans-

mission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on ½-, ¾- and 1-ton Chevrolet trucks.

You save on operating costs. New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton

models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

Red Cross Short \$2,000 Of Reaching Quota

Grenada County's Red Cross fund drive is lagging and over

\$2,000 more must be raised if the quota is to be reached by March 31, Miss Mary Elizabeth McNeill announced.

Those who haven't given to the drive as yet are urged to do so. Miss McNeill said that if anyone wishes to donate, she or some other Red Cross representative will be glad to come and get the donation.

She reminded Grenadians of the water safety program which the Red Cross will finance at the Grenada Dam and of the great work the Red Cross did recently following the tornado in Vicksburg.

JITNEY-JUNGLE RECIPE OF THE WEEK!

FLUFFY EGGS AND LUNCHEON MEAT PLATTER

Eggs take a new turn for Easter... when their golden yolks are nestled in fluffy egg whites.

FLUFFY EGGS

Separate eggs holding the yolks in a shell half. (The shell may be supported in a cup). Add salt to whites, a scant 1-8 teaspoon per egg white. Beat until stiff and glossy. Pile on rounds or squares of toast placed on baking sheet—make a hollow in each with back of spoon. Drop egg yolk into hollow. Bake in a hot oven (400°F.) until whites are lightly browned, 8 to 10 minutes. Serve promptly.

To prepare luncheon meat loaf: Slice and fry, in a small amount of butter, margarine or meat drippings, about 1 1/2 minutes on each side.
